Department for Education

Data

Created 4 years ago, updated 4 months ago

Data on GCSE and equivalent entries and achievements at the end of Key Stage 4 by gender and location of school/educational institution.

This dataset contains data on GCSE results using the 1-9 grading system. This system has replaced the old A*-G grading system. The two main indicators are Attainment 8 and Progress 8, these are explained below.

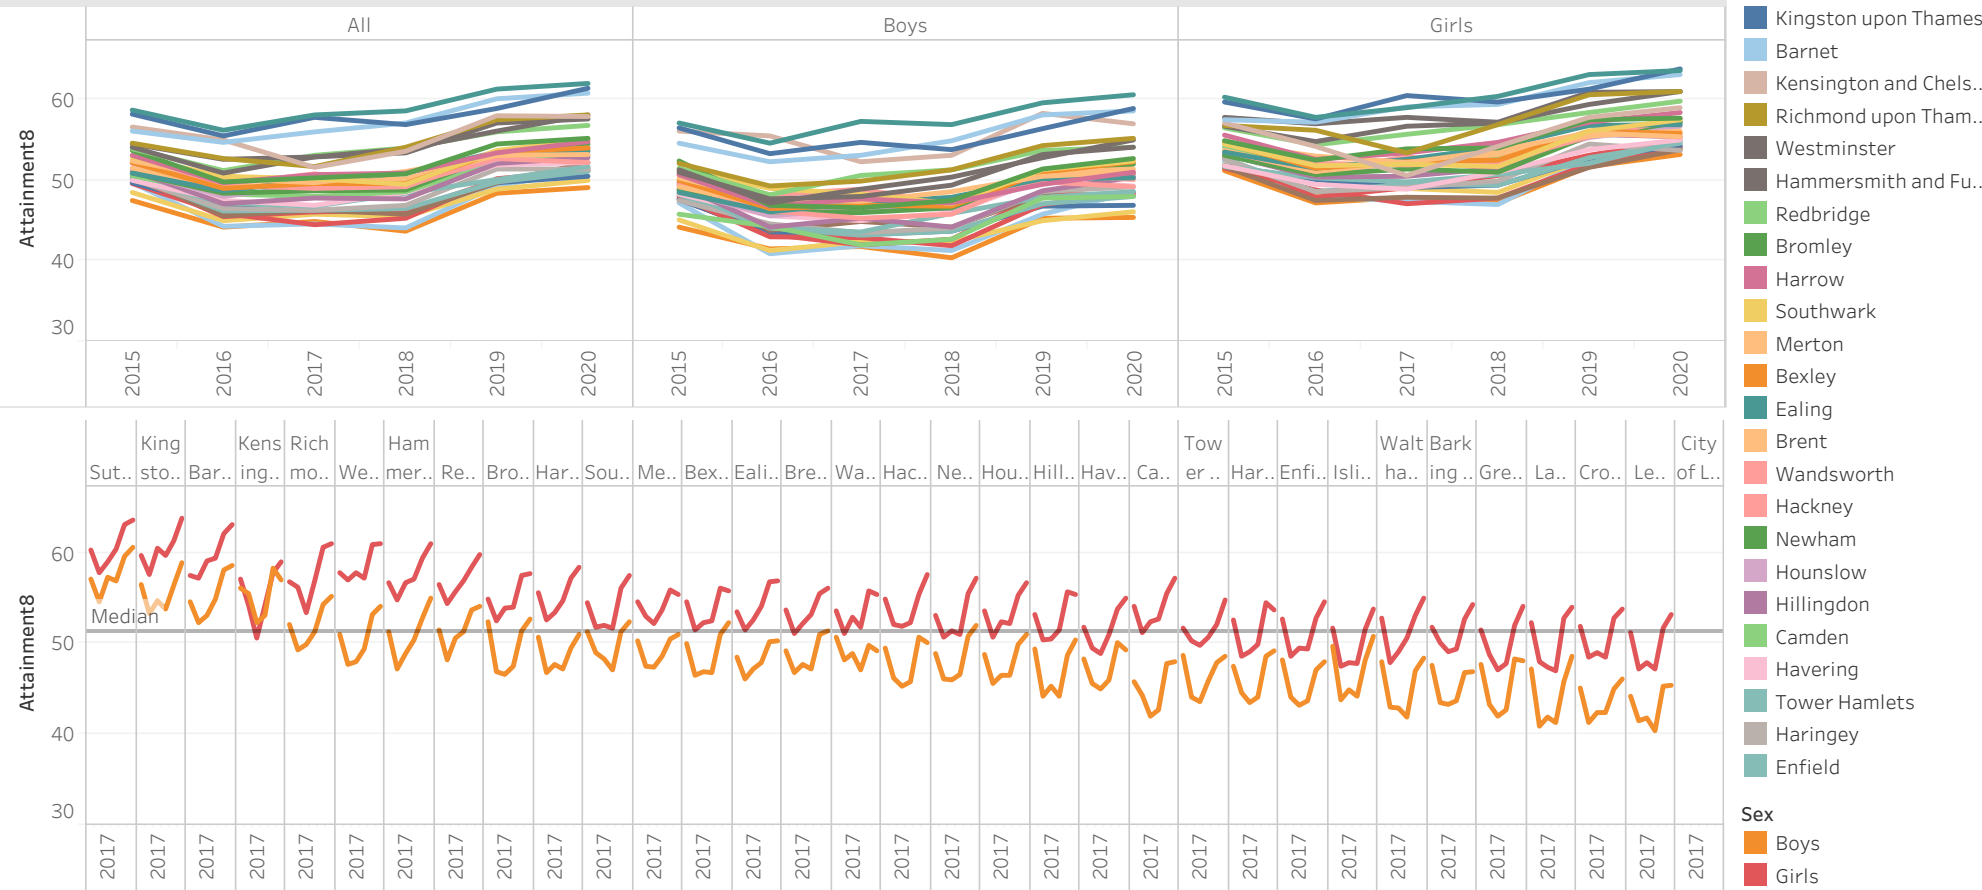

Attainment 8 - This indicator measures pupils' average grade across eight subjects. These are:

- English & Mathematics
- Three other English Baccalaureate (EBacc) subjects (sciences, computer science, geography, history and languages)
- Three further subjects, which can be from the range of EBacc subjects, or can be any other GCSE or approved, high-value arts, academic, or vocational qualification.

Finding

- Girls have better GCSE results than boys
- Some boroughs (say Kensington and Chelsea, Islington, Sutton) has lower GCSE results gap between boys and girls.
- Some boroughs (say Sutton) have better results than other boroughs, and this could be explained by the ethnicity of pupils.
- Asian, Chinese have better GCSE results.
- Asian in Sutton, Black in Sutton, Bexley, Chinese in Sutton, Mixed in Sutton, White in Westminster, Hammersmith have better GCSE results.
- Pupils known to be eligible for free school meals have lower GCSE results.
- GCSE results of pupils known to be eligible for free school meals are higher in some borough (say Kensington and Chelsea, Westminster, Tower Hamlets).

Recommendation

For Department of Education: Further analysis of the education in Kensington and Chelsea may be worthwhile. Kensington and Chelsea may reduce the gap between boys..
